COUNT THE ROOM

Prep:

Print and laminate. Cut the cards out.

How to use:

1. Place the counting cards all around the room.
2. Students will walk around the room and locate the cards.
3. When they find a card, they will count the dots in the ten frame/twenty frame or the objects in the counting picture.
4. Then they will find the corresponding ten frame/counting picture on the recording sheet and write the number in the space next to it.
5. This continues until they have found every card, or time runs out.
